

Dear Washington Friends -
It pays to have pals like you!
Thanks for lining my pockets.
Couldn't have shattered those
profit records without you!

XOXO
BIG OIL.

**REAL ENERGY RELIEF MEANS GETTING OFF OF OUR OIL ADDICTION
AND BUILDING A CLEAN ENERGY ECONOMY.**

America needs energy solutions that move us forward – renewable energy from the wind and sun that won't run out and won't pollute, cars that go twice as far on a gallon of gas, and rebates to consumers for immediate relief.

STAND UP TO BIG OIL.
